

## **Bio: Vince Vasquez**

Vince Vasquez holds a Master's degree in Urban Planning from the University of Arizona with a focus on land use and water resource management. Vince's position as water resources coordinator for Diamond Ventures, Inc. includes working with the company's development and wet utility divisions on water planning and policy issues. He was appointed to the Citizens Water Advisory Committee by Ward 4 Council Member Shirley Scott and sits on both Conservation & Education and Finance Subcommittees. Vince's involvement as a member of the West University Neighborhood Association includes volunteer support of the Community Food Bank and assistance with neighborhood planning efforts. His professional affiliations include Urban Land Institute and American Planning Association. Vince is a native Tucsonan whose family has lived in the region for over 100 years.
