NEWS RELEASE

Tucson/Pima Water and Wastewater Study Committee Seeks Submissions, Presentations on Sustainability

During October, the City/County Water and Wastewater Study Oversight Committee will be hosting two meetings on the subject of sustainability. The Committee invites interested individuals and organizations to make presentations or submit written comments on what a sustainable water future means to them. The meetings on sustainability at which the presentations may be made will be held at the Randolph Golf Course Club House, 600 S. Alvernon Way on Wednesday, October 22, and Wednesday, October 29. Both meetings will begin at 6:00 p.m.

The Committee is seeking public input that will aid it in completing its Phase 1 Report to the City of Tucson Mayor and Council and Pima County Board of Supervisors.

Presentations should be no more than FIVE minutes in length and this time limit will be enforced. The Committee requests that presenters prepare a written version of the presentation for distribution to the Committee members and to be entered into the official record of proceedings.

Written comments may also be submitted to the Committee in lieu of verbal presentation either via email to info@tucsonpimawaterstudy.com or in hard copy form to be distributed at the Committee meeting on October 22, 2008.

Presenters must submit a request to speak via e-mail at info@tucsonpimawaterstudy.com or by phone at 884-WISP (9477). Please indicate at which of the two meetings you would prefer to speak and indicate if you will be representing yourself or an organization. The deadline for registering to speak is October 20, 2008.

The Tucson/Pima Water and Wastewater Study is a collaborative process being conducted by the City of Tucson and Pima County.
